It also includes episodes like "Crusade", "Run", "Pariah", "Blank" and "Commencement". Warner Bros has released another fun and highly recommended "Smallville" set for your collection. It also includes "Being Lois Lane" and "Behind Close Door", several deleted scenes and informative audio comments from the cast and creators of the show in three episodes. Ironically, one of the bonus features on the album is a short documentary dedicated to the staff. Maybe the group was trying to convince themselves that he had done his best. While her sneaky father Lionel (John Glover) awaits her tracks, Lex Luthor (Michael Rosembaum) reveals more of her dark side and her plans to uncover the truth about the three Kryptonian stones. The series, still with the high quality look and exemplary acting, this year did not live up to the screenplay. In paying homage to the roots of the show's comic strip, the show introduced Krypto, the super-dog, and a young "Flash", with mixed results. Even the first season ("Crusade"), with Clark (Tom Welling) discovering his ability to fly, lacks the spark of the third season ending one. There have been some gems in the season, although: "Transference", "Onyx", "Spell", "Ageless", "Sacred" influenced by Crouching-Tiger-Hidden-Dragon, the obscure comedy of "Spirit" and "Commencement" have the best stellar quality of the previous three seasons. Durance as "Lois Lane" was a stroke of genius. The fourth season features an arc of creative history of the season, fantastic visual effects and a lot of useful fun. Unfortunately, we didn't have no.season four presents the plot "Langa Lang, teenager" reckless, in which the main lady of Clark discovers that à is descended from a French sister. As for Ackles, his character goes through a major change in personality, beginning the year as a young man of calm and rationality - in most debts, save his judgment until today a minor - to a minor fide for the end of the season. Seymour comes to show his "bad girl" in several episodes while playing Genevieve, the villainous character of the mother of the character Ackles. Dry to the line notes on the DVD box, the previous ones. Like previous one sports compilation is also a fascinating tribute to the actresses who have played Lois Lane over the years.
