When I heard the Learn'd Astrón: When the evidence, the figures, were varied in columns before me; When the graphics and diagrams were shown, to add, split and measure them; When I felt the astrane heard where he taught with very applause in the classroom: As soon as I became tired and sick. Until climbing and sliding out I passed by myself; In the Night Misty, and from time to time; He looked in perfect silence in the stars. Walt Whitman (1819 - 1892) worked as a journalist, teacher and government officer. Main work of his, grass leaves, was a volume of poems he continued to add throughout his life. His style separated from conventional poetry and some of his poems seem very close to prose in his style. He wrote in free verses, and although he did not invent him, he is known as "Father of the Free Verse". Whitman continues to be one of the most influential American poets.Arimmerum: a scientist who studies stars, moons, planets and other objects in Spacelearn'd - educated inferno, usually written as learned and pronounced with two sapas learned, here is pronounced as a SaLabá to reflect the way of a common person to speak: give a lecture or presentation in a reinforcement room: in the 20th century, people often heard of specialists in a subject of subjects These were carried out in the public room or in communitarian salons.
