Also available as a mobile and SmartTV app, Hungama has the whole family covered with selections for kids. Most movie rentals range from \$3 to \$4, while most purchases come in between \$5 and \$10. In addition to an immense library of content, the app allows you to cast to Chromecast devices for big-screen viewing and switch from one device to another without losing your place in the movie. The catalog of available Bollywood movies and TV shows rotates and changes periodically, but the streaming giant always has a treasure trove of Hindi movies ready to load. The Entertainment Unlimited bundle includes all of Hungama's content for listening and viewing. Bollywood Movie AppsIf you want to watch on your TV using a streaming device or on your phone or tablet, a variety of apps can help you enjoy huge catalogs of Hindi entertainment. Of course, watching Hindi movies in America may be next to impossible if you don't live in a city that has cinemas dedicated to playing foreign films, but that doesn't mean you're out of luck. Some of the movies and shows are free, depending on the source, the quality and the age, but most newer premium content requires a purchase or rental fee. If you're looking for the latest Hindi movies dubbed in English, the collection of hundreds of titles available on Prime Video doesn't disappoint. Let's take a look at some of the best places to binge some Hindi flicks. NetflixNetflix has long been a gold mine of entertainment for viewers of almost any genre. It's often possible to watch some of the most popular Hindi movies online — sometimes free of charge. U.S. viewers must pay an annual fee to subscribe to the service. If musicals are more your style, Bollywood-style productions are a vibrant genre filled with incredible dancing, singing and costumes. The entertaining options include Hollywood-produced movies featuring Indian actors and settings as well as traditional Hindi films. Some premium new releases may charge a small fee for viewing. Hotstar, for example, is one of the top Indian streaming sites with a library of more than 2,000 movies, 60,000 hours of TV and access to live sports. The films play in their original language with English subtitles. The available film genres include drama, romance, comedy, thrillers and action, with some titles available in other Indian languages, including Malayalam and Tamil. The Access Bollywood site does a great job of keeping track of all the newest movies and TV shows added to the Netflix collection and even provides details on the release year and the language spoken for most titles. The Bollywood Channel app by Vonetize offers video-on-demand functionality for hundreds of titles in full HD. If you're only interested in music and music videos instead of movies, you can take advantage of the Music Pro subscription. As it does with Netflix information, the Access Bollywood site categorizes all the available Hindi movies on Amazon Prime into several sections, including "Newly Added," "Amazon Original/Exclusive" and movies sorted by region. Google PlayIf you like to watch movies on your mobile device as well as on your computer, Google Play offers both rentals and purchases of Hindi movies for streaming. MORE FROM QUESTIONSANSWERED.NET Amazon Prime Video has already made great strides by offering original programming on top of thousands of hours of film and TV productions. The premium service also allows you to download titles for offline viewing. After a free trial period, a paid subscription — either monthly or annually — is required. To find movies and TV shows on the site, simply use the search bar with keywords like "Hindi movies" or "Hindi TV shows." Options are also available for watching Hindi movies with English language dubbing or subtitles. Photo Courtesy: Rafael Henrique/SOPA Images/LightRocket/Getty Images Bollywood Streaming Services and WebsitesSome streaming services like Netflix and Amazon Prime Video are all about offering enormous amounts of content across all genres, regions and languages, while others focus exclusively on specific sectors. Several specialty streaming sites maintain content catalogs of only Indian movies, and that includes extensive collections of Hindi language movies. The app uses an ad-supported model that allows you to view almost all the content for free. Upgrading to the premium subscription gives you access to the full movie and TV catalog, including HD movies and movies with English subtitles. From those who love watching foreign films to those who watch to honor their own heritage, fans of Indian-produced films are always on the hunt for the next emotionally charged drama, action-packed thriller or gut-busting comedy. The titles include the newest releases so you don't miss out on all the latest hits. Eros Now specializes in Bollywood movies, TV and music and includes a substantial selection of free content.
